Description

Generation 4 comes with more Stitching Reinforcements!! Military Grade knee protection in a streamlined package!
The Gen 4 S1 Pro Knee Pad is thoughtfully designed with comfort, durability, stability and function in mind. We took great care in the design and development of this product and are very excited to bring our vision to reality. Years in development and thousands of hours of wear testing we are very proud to introduce the Gen 4 S1 Pro Knee Pad. The Gen 4 Pro Knee pad is exactly the same in design, function and size as the Gen 3 knee pad with the only changes being stitching reinforcements at each of the strap contact points and a new layer of shock reducing foam added to the inner knee cup. See instructions for sizing below.

FEATURING:
• Streamlined Pad Design
• Military Grade Ballistic Nylon for durability
• Impact Absorbing Knee Cup with memory foam for form fitting comfort, shock absorption and stability on impact
• Triple Stitch construction for extra strength
• Articulated Butterfly Back Flaps for secure fit and increased mobility
• High Abrasion Replaceable Polycarbonate Knee Cap with ultra flat surface for stability
• Perfect Length locking adjustment top straps

Gen 4 Sizing GUIDELINES:

Top of Knee: *Measure 4" above knee cap center*
Bottom of Knee: *Measure 4" below knee cap center*
