Description

The All NEW Riedell League Derby Boot is here!
The Riedell League brings together decades of boot-making expertise into one premium roller derby boot. Inspired by the proven performance of our most iconic low-cut designs, the League blends classic styling with modern materials and technologies to create a boot built for today's skater. Handcrafted from hand-selected full-grain leather inside and out, the League delivers a comfortable fit while maintaining the durability

required for the demands of derby competition. A genuine shearling-lined tongue and anti-rotational Fox tongue design provide exceptional comfort and stability, while the full size DC-7 heat-moldable reinforcements allow skaters to customize the fit for maximum control and responsiveness. Every detail of the League is engineered to create a secure connection between skater and skate. The integrated Velcro cinch strap locks the foot in from above, providing confident support through aggressive lateral movement and high-speed competition. The ankle snug tie works from the rear of the boot, helping seat the heel deep into the heel pocket to reduce slippage and create a precise, responsive fit. Together, these systems deliver the locked-in feel derby skaters demand for maximum control and power transfer. An integrated finger-loop backstay makes entry and removal effortless. The result is a skate that blends classic Riedell craftsmanship with modern performance innovation.
Whether you're battling for position on the track or leading the pack, the League is built to help you perform at your best!
