Description

Roll-Line MATRIX Professional Skate Plates!

Suitable for: Intermediate to Advanced Freestyle, Jam, Rhythm or Recreational skaters!

The Matrix by Roll-Line is designed for Freestyle skaters who have accomplished the first triple rotation jumps and advanced spins. Can also be used by Jam, Rhythm, or recreational skaters. The Roll-Line Matrix is the plate purposefully designed for the advanced Freestyle skater who executes the first triple-rotation jumps and advanced spins. The 5mm-lowered trim significantly increases stability in landing jumps and maneuverability while pressing edges. The Ergal Aluminum alloy frame and the Champagne color of the Matrix makes it the plate that is chosen because it is well built, and attractive, too. The differentiation of the left and right plate provide precision in the toe-assisted jumps, especially the Toe-Loop, Flip, and Lutz.

• Note: Smallest diameter wheel that will fit this plate is 53mm.
• 7mm bearing spacers and mounting hardware are not included.
• Specialized Low Profile Roll-Line 7mm axle trucks, and cushions appropriate for the plate size are included.
• Cushions or Toe Stops installed on plates may vary from picture. If you need confirmation of type or hardness, please email to: CustomerService@RollerSkatin.ca

Technical Specifications:
• A CNC machined frame forged from a solid bar of Ergal Aircraft Aluminum Alloy
• 7mm axels in the strongest steel available
• Adjustable pivot pins
• The Roll-Line Mechanism Click-Action adjustment system which provides accurate Action adjustments, 13mm base King Pins with Adjustment Nuts and Locking Screws
• Comes with the Roll-Line standard set of wrenches

Toe Stop Options:
• Six toe stop options available – Super Professional Amber Toe Stops metric thread toe stops are included Standard OR upgrade to other Professional Roll-Line stoppers, Mini Dance Plugs, OR Derby stoppers, available in the Pull-Down menu

Choosing a Size:
• Plates are sized according to wheelbase measurement (from centre of front axle to centre of rear axle) from 90mm to 190mm. If you aren't sure, please ask for advice on selecting the right size for your needs!

> Ordered this plate, working with rollerskatin.ca was extremely easy. This plate itself is amazing. It takes alot of thought to mount the plates, and be sure to get the left (sx) and right (gx) on the correct foot! I also had to upgrade my cushions as I'm a heavier build, but this plate lets me make quick dance movements with ease. I can feel the improvement in jumps. Well worth the price tag.
