Description
NEW! Instant Bling! Electroplated Coloured Lock Nuts!
Premium custom fade resistant coloured electroplated steel with nylon insert axle nuts for roller skates, quad skates, derby skates and skateboards! Comes as a set of 10 8mm Locking axle nuts – so you get 2 spares! The same quality, if not better, as the original steel nyloc nuts that came on your skates – but in Great Custom Colors! Select available colours from the drop down menu.

NOTE:

• *Due to the electroplating process the iridescent colors will vary from nut to nut.*
• *Due to variations of color settings and qualities of phone/tablet/computer screens, it is unavoidable that colours will appear differently for everyone. The colours in photos are subjective, approximate and may vary.*
