The Sure-Grip AVANTI Plate
Sure-Grip brings you the next generation in plate design, the Avanti. Offered in both Magnesium and Aluminum, this 10 degree double action plate is built to last. With our exclusive use of magnesium in plate construction, we've crafted a sleek hollow design to give skaters performance and durability without sacrificing lightness. We've made mounting easy by including four mounting holes in the front of the plate to aid in mounting different boot types. Mounting hardware included.

The Avanti Magnesium Plate includes a newly designed precision adjustable pivot truck that can withstand the intensity while giving you balance and durability, both the truck and plate are powder coated with a white finish. The Avanti Aluminum Plate includes a standard fixed pivot double action truck, both polished aluminum. Plates will come with black axle nuts and mounting hardware. Also included are Sure-Grip super cushions with matching cushion retainers, 4 conical and 4 barrel (not all barrel as per the pictures).

NOTE: The Magnesium alloy plate (white plate) is roughly 48% lighter than the aluminum version (Aluminum plate).

The RollerBones Team Wheels
From the BEST name in artistic profile rollerskate wheels! Proven competition shapes poured in a high rebound, easy to ride, medium hard, long-lasting formula. Quality at an affordable price! Set of 8 62mm x 30mm OR 57mm x 30mm, 98A or 101A Durometer wheels in great Team colours! Available in White, Black, Purple, Pink and Green as available in the Pull-Down Menu.
